

ASSIGNMENT GUIDELINES

- Make the changes in the PPT as you solve the parts
- This file contains the template for the **EDA part** of the project.
- Check the instructions added in the note section of every slide for clarity.
- Don't move around any image or text box
- If you require more/lesser elements, be careful when you copy/delete the existing ones.

ASSIGNMENT

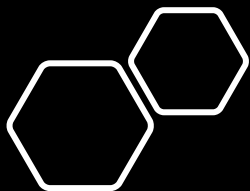

Name: ...Arnab Mondal...

Problem Statement

Bank of Corporate conducted a telemarketing campaign for one of its financial products, 'Term deposits', to build a long-term relationship with the existing customers. These campaigns need to be cost-efficient such that the bank not only increases their overall revenues but also the total profit.

Assignment Objective

To identify the target customers and the driving factors behind the successful conversion of a customer for future marketing campaigns.

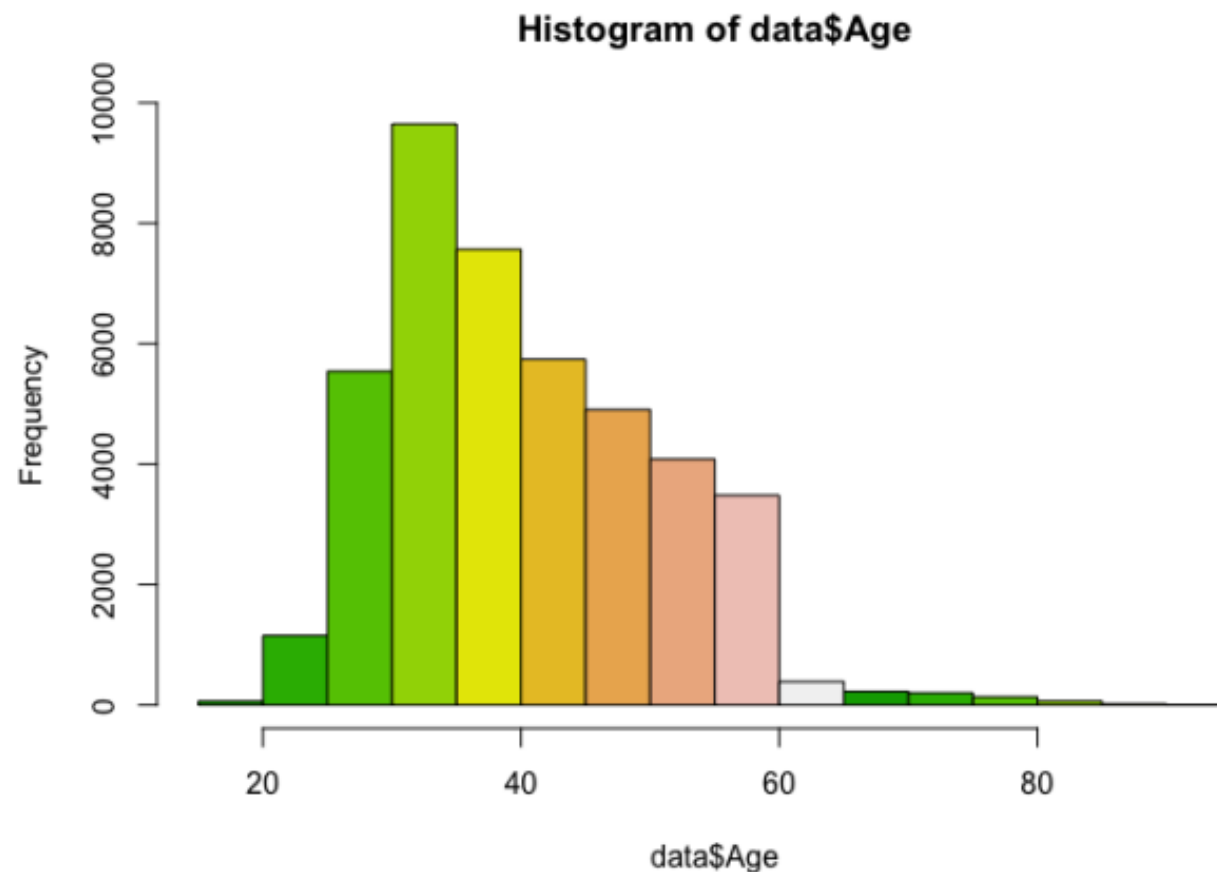

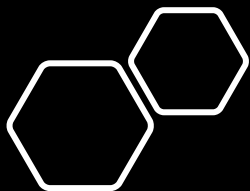

PART I : Univariate Analysis

Marketing Campaign Optimisation

- Variables under consideration:
- Call Duration Vs Last Contacted

PART II : Bivariate Analysis

Marketing Campaign Optimisation

- Variables under consideration:
- Age Vs Job

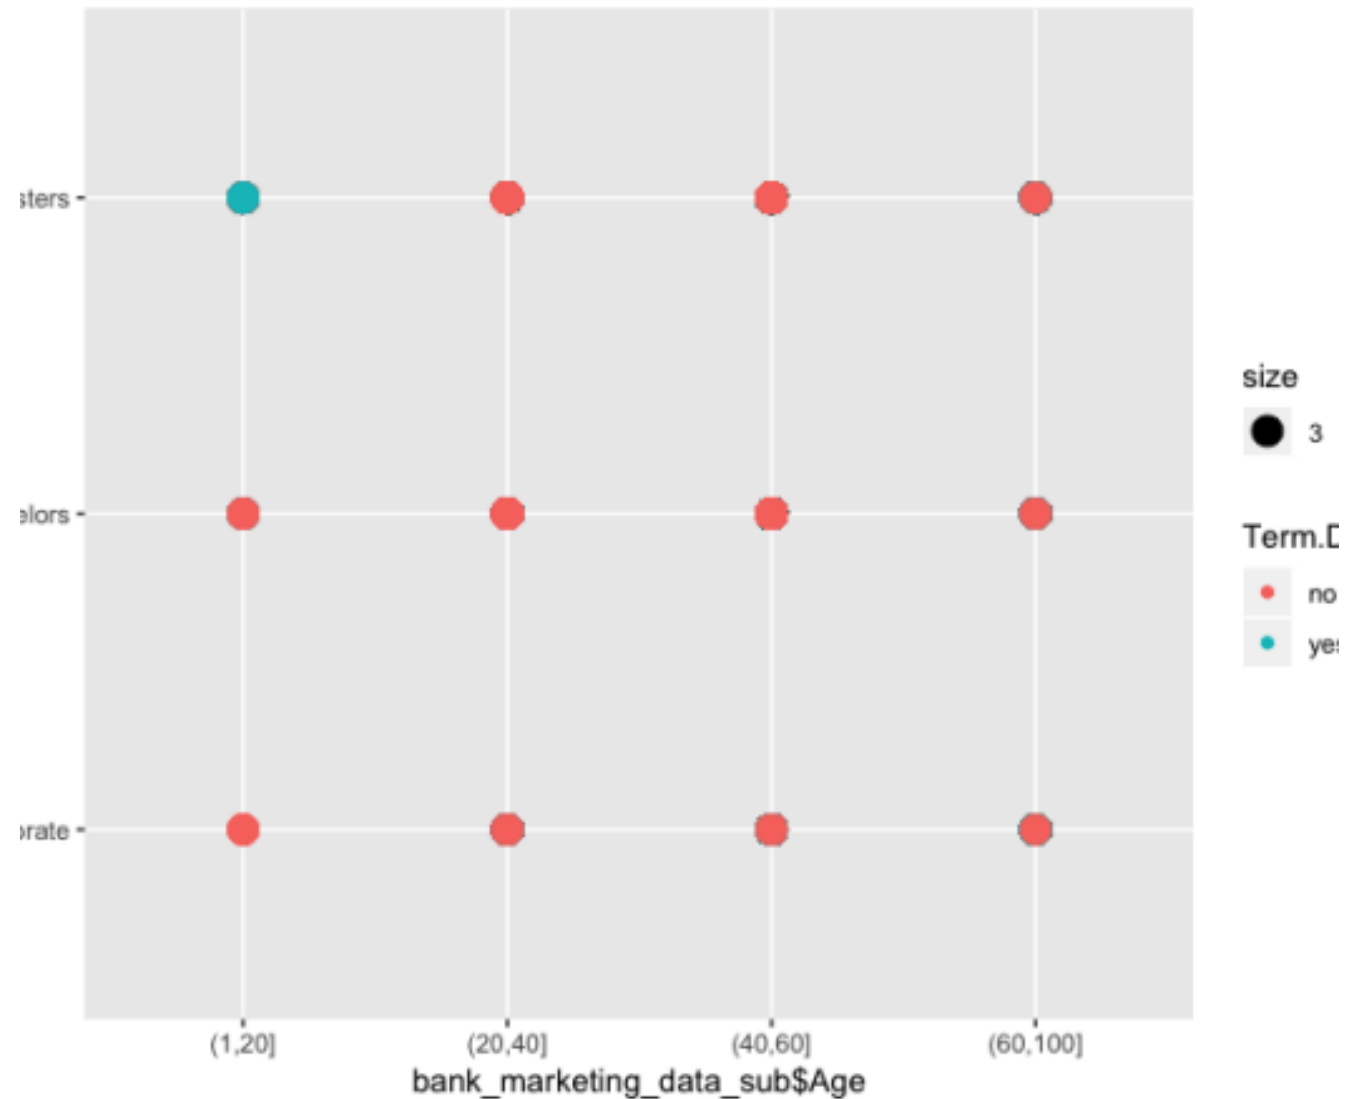

PART II : Bivariate Analysis

Marketing Campaign Optimisation

Variables under consideration:

Age Vs Education

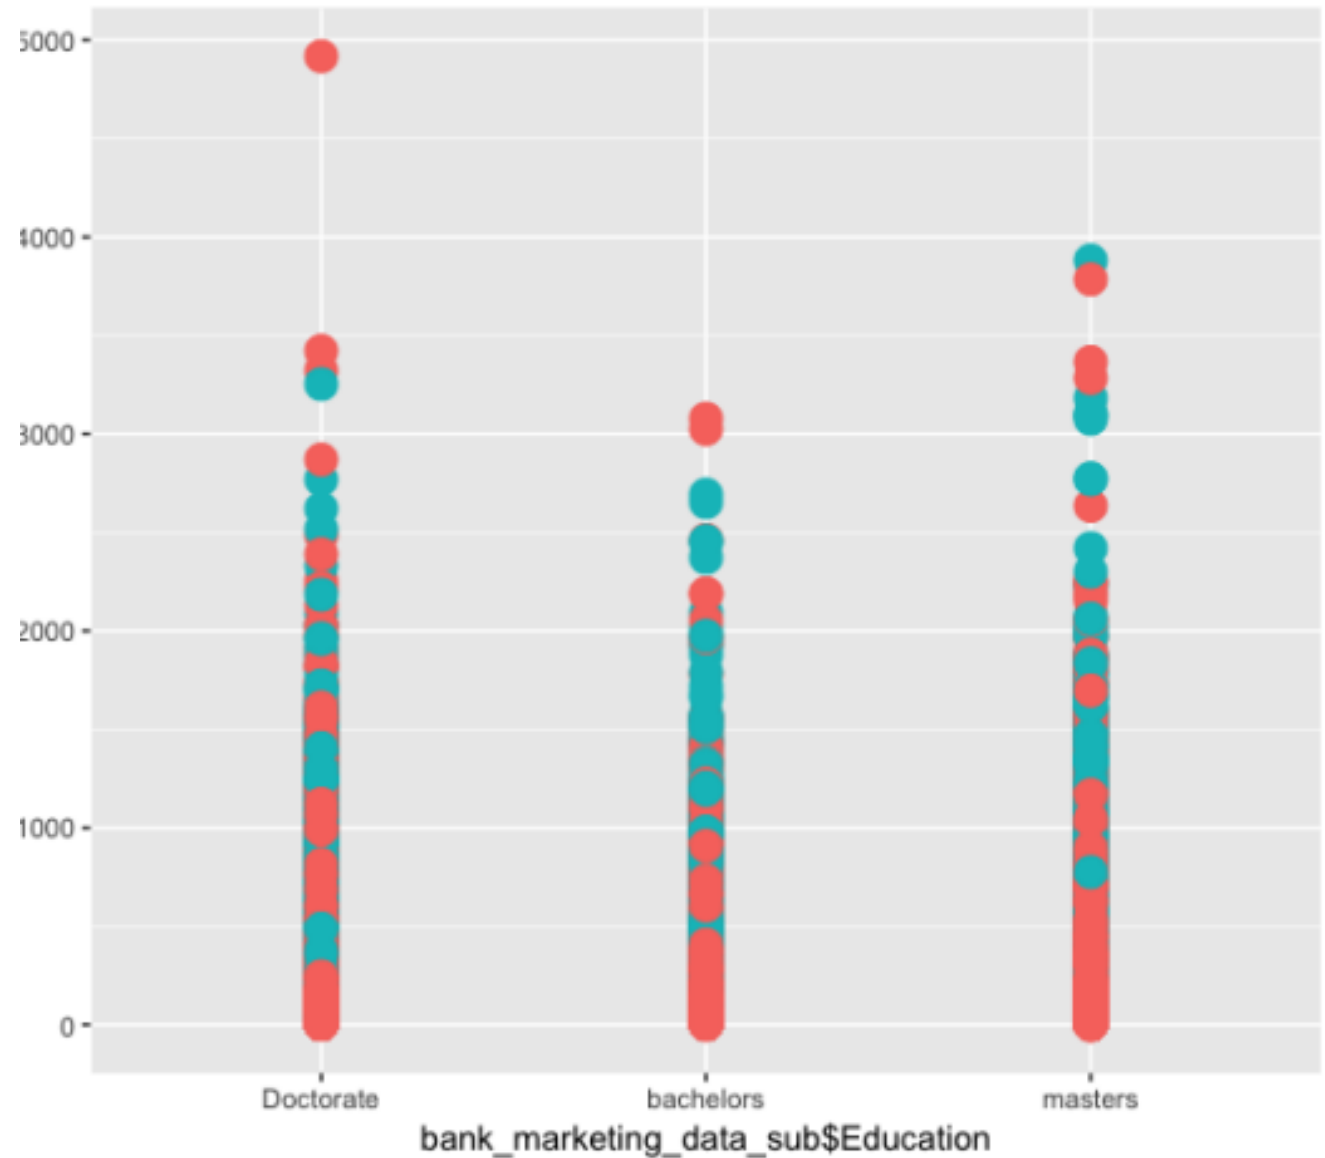

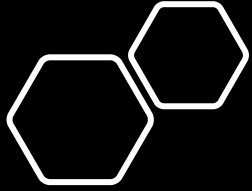

PART II : Bivariate Analysis

Marketing Campaign Optimisation

Variables under consideration:

Education Vs Call Duration

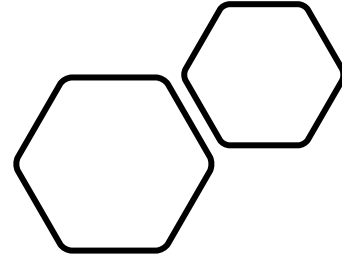

PART III: Major insights

Marketing Campaign Optimisation

- 1. The Average Call Duration for Each Successful Term Deposit is 10 mins ,so the cost is 100Rs for Each Conversion
- 2. The Segment with Masters and Married have highest Conversion Rates hence this segment could be targeted
- 3. To Get the Maximum Profit Bank should consider the segment of Masters and Married with approx. 1200 calls to get the conversion of 120 Term deposits
